One-to-one lessons offer you a program which is designed precisely to your own unique requirements. In this way, you make the maximum possible progress because the teacher is able to focus on your needs and your personal learning style in every lesson.

### Individually focused learning

The course content is tailored to your academic or professional objectives, helping you reach your personal study goals and build skills and confidence quickly. Special attention is paid to your individual areas of interest and learning style. Students are able to study at their own pace and use the time efficiently, concentrating on what is of highest personal priority. Tutor and student will work on a personal action plan for the student to take away at the end of the program.

### Areas of specialisation
